foreword

I am very pleased to foreword to you the 13th report of Iraqi Cancer Registry 2006. This annual report outlines the burden of cancer in Iraq with respect to incidence, according to age, gender, primary site, histopathology, and geographical distribution.

Cancer is one of the major health problem. It is the third cause of death in our country after cardiovascular diseases and accidents, so we urgently need a better plan for the National Cancer Control Program.

Reliable epidemiological data about cancer is the cornerstone for effective planning. These data will be useful for anyone who is involved in improving health care system in general, as well as those who plan the policies for cancer control.

I appreciate the efforts of all who involved in Iraqi Cancer Registry in ensuring high quality data ,collection, processing interpretation, quality control, and evaluation.

The Ministry of Health will continue its help and support to the Iraqi Cancer Registry in terms of resources and all needs to continue its success through reorganization and restructuring.

I urge all health facilities including non-governmental organization to collaborate and cooperate in supporting the Iraqi Cancer Registry as it serves all. Meanwhile I congratulate the Iraqi Cancer Registry on its publication of its 13th report on 2006 cancer data.

Minister of Health

Dr. Saleh Mehdi Al-hasnawi

Introduction

Cancer is one of the major health problems in Iraq. This disease has become increasingly important as a public health concern with development and progress that has been achieved in our country, in spite of unstable situation in Iraq.

Cancer is third leading cause of death in Iraq after cardiac diseases and accidents and it is a major cause of morbidity among Iraqi population.

Iraqi cancer registry is responsible for collecting information related to every newly diagnosed cancer cases which are registered from governmental and non-governmental health facilities in all Iraqi provinces including Kurdistan Region.

This is the 13th report of Iraqi Cancer Registry publication including incidence of cancer in Iraq for the year 2006, overview the ongoing change in the profile of cancer.

We hope that it will be a primary source not only for epidemiological research on cancer determinants but also for planning and evaluating health services for prevention, early detection, diagnosis, and treatment of cancer.

We would like to express our gratitude to our source data producers, staff of cancer registry in MOH and all governorates, and all those who have in some way or another contributed in making this report a success. Much of work was carried out behind scenes and we would like to record our sincere thanks to all those who did that. Together with all, the Iraqi Cancer Registry will benefit Iraqi people by contributing effectively towards the control of cancer in Iraq.

The editors of the 13th report of Iraqi Cancer Registry
–Dr. Kadhim Alebadi – Dr. Heyam Muzahim

ACKNOWLEDGMENT:

This work is completed with the grace and guidance of Allah.

We would like to thank H. E the Minister of health DR. Salih Mehdi Al- Hesnawi for his kindness and help to facilitate our work.

Also we would like to thank Health minister Deputy Dr. Aamer Al- Khuzaee who did his best with us to facilitate our hard work

We also would like to thanks the ministry of health in Kurdistan region for their help in giving us the registered cases of cancers in the Northern provinces.

Deep regards are also to the staff of cancer registry units in the health directorates of Iraq, for their participation in preparing the materials of this work.

Iraqi Cancer Registry Team (200°)

-Dr.Heyem Muzahim	manager of Iraqi cancer board office
-Dr. Kadhim Husain	manager of cancer registry section
-Dr.Sanaa Sami	specialist doctor
-Athraa Husain	senior statistician
-Khitam Jasim	senior statistician
-Lemyaa Mutleg	senior statistician
-Asmaa Beshar	senior statistician
-Joolan Salih	observer assistant
-Shakir Hmood	medical assistant
-Khalid Hasan	lab. Assistant
- Suhair Jelal	observer assistant
- Amel Qiryaaqos	observer
- Selah Haider	medical assistant
- Haider bdulhadi	medical assistant
- Ahmed Fadhil	statistician assistant
- Menal Hesoon	statistician assistant
- Nieamet Fadhil	programmer assistant

Checking and Review

Dr. Walid Al-Hadethy	specialist doctor
Dr. Khudair Al-Rawaq	specialist doctor
Dr. Ahlam Hadi	specialist doctor
Dr. Heyam Muzahim	general practioner
Dr. Kadhim Al-Ebadi	general practioner
Athraa Husain	senior statistician
